

Civil Engineer – Parks, Trails & Recreation Germantown, WI

We are blazing new trails! To meet the demands of our growing Park, Trails, and Recreation (PTR) department, KL Engineering, Inc. is accepting resumes for a full-time civil engineer in our Germantown office. KL Engineering is an award-winning Wisconsin-based civil engineering consulting firm headquartered in Madison, with additional offices in Menomonie, Green Bay, and Germantown. We provide our clients with a full range of services that include transportation engineering, planning and design, structural engineering, traffic engineering, site design, parks/trails/recreation design, municipal and utility design, environmental studies, surveying/GIS, and construction management.

The qualified candidate will work out of our Germantown office with civil engineers and landscape architects, on challenging PTR projects. This person will be responsible for the planning and preparation of parks, trails, and recreation project plans and specifications within the areas of design and construction. Responsibility emphasis will be determined based on the business needs and expertise. Qualified candidates should possess a Bachelor of Science degree in Civil Engineering, with 3 - 5 years of related experience and a Professional Engineer (P.E.) license. The successful candidate will possess the desire to offer **[A] Better Experience** to both coworkers and clients by collaborating within a team to create infrastructure solutions that benefit the public.

RESPONSIBILITIES

Design

- Prepare project plans, specifications, and miscellaneous quantities
- Prepare project reports
- Coordinate/perform Civil 3D work for design modeling and plan production
- Assess environmental impacts and assists with the preparation of environmental reports, agency coordination, and permitting
- Assist as a client liaison for the project
- Assist with the coordination of sub-consultant activities

Construction

- Assist in the oversight of the construction of PTR projects, assuring projects are constructed in accordance with the plans and specifications
- Monitor contractor schedules and activities
- Research and problem solve construction related concerns found in the field
- Assist in the coordination of project meetings and correspondence with the contractor, businesses, and public

QUALIFICATIONS

- Successful candidates will have a bachelor's degree in civil engineering or a related field
- 3 - 5 years related experience
- Licensed as a Professional Engineer (P.E.) in Wisconsin (licensure in surrounding areas a plus) or ability to earn P.E. licensure within one year
- Experience with design/drafting software such as AutoCAD and Civil 3D
- Experience with construction oversight activities
- Proficiency with the MS Office suite software
- Good interpersonal and communication skills and the ability to work in a collaborative team environment
- Ability to effectively communicate with clients and colleagues, both verbally and in writing
- Strong organizational, analytical, and time management skills, with high level of attention to detail and self-motivated to be successful
- Previous experience on PTR projects (WisDOT experience a plus)
- Experience with locally let municipal design procedures
- WisDOT FDM policies and procedure knowledge
- In addition to the PTR experience, supplemental design experience in related fields such as roadway, stormwater, or structure design is beneficial.
- This position requires you to have authorization to work in the United States for any employer. We will not provide sponsorship for this position

In addition to career growth potential, we offer an excellent salary and full benefits with a casual working environment.

Current benefits include:

- Paid Holidays & PTO
- Flexible hours
- Medical Insurance
- Dental & Vision Insurance
- Life Insurance
- Long- & Short-Term Disability Insurance
- 401K/Profit Sharing Plan
- Section 125 Cafeteria Plan
